

### Giving Library Fund

Are you searching for books and/or videos to find answers to your questions about Down syndrome? Many of our members have found various reading materials to be of assistance in navigating the world of Down syndrome. The Down Syndrome Association Hudson Valley is offering to our members and new parents resources to help our special families. We have limited funds but wish to extend our support.

Please contact us if you would like to order a specific item. We will gladly order the item for our members and new parents in the Mid-Hudson Valley and ship it directly to your home. As parents of children with Down syndrome we, at DSAHV, can also offer suggestions for materials if interested.

Contact our Librarian at (845) 226-1630 or e-mail [info@dsahv.org](mailto:info@dsahv.org). Please clearly leave your name and call-back number and we will contact you to process your request.
